- 1.3 PInr. Ghulam Sarwar Sandhu stood up soon after the Tilawat and National Anthem asking the Chairman PCATP as to why his email sent to the Chairman, Registrar and the Executive Committee, a couple of months back was not replied by PCATP and insisted to respond to his email first before taking up the agenda items. Chairman PCATP advised him to follow the meeting decorum and his queries shall be taken up in any other agenda item, however, he refused to follow the instructions and kept on insisting for replies to be responded first raised in his email- a copy of which was handed over to the Chairman. PInr. Imtiaz Ahmed Vohra also joined the protest of PInr. Ghulam Sarwar Sandhu and demanded an immediate reply to the queries before the proceeding starts. The proceedings could not be started on time and precious time of the AGM was lost in the disruption caused by PInr. Sarwar Sandhu and his associate.
- 1.4 After repeated arguments, Chairman PCATP read out the PCATP Bylaws 6(d) under which any arguments shall not be admissible if it contains arguments, interference, ironical expressions or defamatory statements. He, therefore, advised PInr. Sandhu to abide by the decorum of the AGM and behave gently.
- 1.5 Chairman PCATP then gave the final ruling that PInr Sandhu;s queries shall be taken up in any other agenda item. Consequently, Chairman PCATP asked the Registrar to start her presentation of the Annual Report as per the agenda.

- 3.2 Upon continuous interruption in the meeting proceedings by Plnr. Ghulam Sarwar Sandhu; Plnr. Nadir Ali Shah, Member Executive Committee asked the Chairman and Registrar PCATP that his emails should have been responded. Registrar replied that the e-mail of Plnr. Ghulam Sarwar Sandhu was initially addressed to the Executive Committee Members for their reply hence, Executive Committee should have answered its concerns instead of Registrar PCATP. However, Chairman PCATP, then graciously allowed that his grievances shall be taken up under any other agenda item.

- 3.5 Registrar briefly explained each agenda item including its supported documents and corresponding reference to it in PCATP Annual Report (2021-2022). Chairman PCATP applauded the efforts of VC (Architecture), Ar. Mansoor Ahmad and Plnr. Nadir Ali Shah, Members Executive Committee on the achievements and progress made so far under the Consultative Workshop in Collaboration with Peshawar Development Authority and PCATP.

AGENDA ITEM NO. 4 PCATP AUDITED ACCOUNTS FOR FINANCIAL YEAR 2021-2022

- 4.1 Manager Finance, PCATP presented the PCATP audited accounts report for the financial year 2021-2022 and briefly explained the significant item heads projecting a major variance along with the reasoning of variance under financial statements i.e. Balance Sheet Statement & Income / Expenditure Statement. She further explained the Auditors Report and explained the two observations raised by the Auditor i.e.
- (1) **Tax Payment:** Since PCATP previously held NPO status which has now been revoked either PCATP shall pay the Tax Amount or get exemption.
 - (2) **RHS Land:** Needs to be re-evaluated because PCATP has been carrying forward land amount on rolling basis and should be substituted with fair value of land.
- 4.2 Plnr. Ghulam Sarwar Sandhu asked about the updated status of the RHS Land since there was a litigation on the ownership of land and the correct dimensions of the land were also yet to be finalized, whereas, the land was also under appropriation. Further he added that the matter was still pending in CDA on allocation of this land along with the property rights. Chairman PCATP replied that in purview of all issues Council had offered refund to the members which can still be opted. However, in 121st ECM a committee has been formulated to clear the long outstanding matters of this land and soon an update shall be shared with the members in this regard. Plnr. Ghulam Sarwar Sandhu replied that since this matter is pending for a long time, this should be sorted out once for all in this meeting. Chairman PCATP replied that the an EGM may be called out to take a decision on this single point agenda and further asked Registrar PCATP to elaborate the background of this issue.
- 4.3 Registrar PCATP replied that RHS land has been a controversial issue since its purchase and under the chairmanship of Ar. Shahab Ghani in 2006; a poll conducted project that 90-92% owners opt for refund of their payments. Consequently, the Council offered refund to its members along with the surety that upon sale of land their proportionate share shall also be transferred to them. She explained that a certain percentage of owners in RHS belong to non-members as well who do not opt for refund and some people are unapproachable.

- 4.4 Ar. Mazhar Munir added that purchase of this land has been illegal since it was initiated and a sum of Rs.20 Million was paid to purchase this land for PCATP members. Whereas, Council also did not possess complete documents of the scheme. He further added that as per his information, a positive aspect in this scheme was that PCATP was named in the land record. Whereas, the RHS land is marked in SHAMLAT DEH, hence, no exclusive owner of the land was existent. Since, PCATP wanted to sell out its proportion of this land, an earnest money of Rs. 20 Million had been received from a bidder who has still not cleared his outstanding dues and a profit is being accrued on this amount. He proposed an amount of Rs. 2.5 Million to be allocated to the Committee formulated in 121st ECM to retrieve record from the respective Government Departments and pay the fee of concerned personnel. The Registrar observed that 2,5 Million was very high.
- 4.5 Plnr. Imran Shakir added to the conversation that being a member of the Council, he is welcome to submit his suggestions and recommendations to sort out this long pending matter in addition to the progress and development made by the Council so far in this issue.
- 4.6 Ar./Plnr. Jahangir Sherpao added that at the time when this scheme was initiated, non-members of the scheme were majorly opposing the scheme and tried to hinder the initiative. However, he seconded the view that refund on proportionate basis on current fair market value shall be made to the members.
- 4.7 Plnr. Ghulam Sarwar Sandhu replied that being a VC Town Planning of that committee, he opposed the acquisition of land that was made by the then Chairman and the Executive Committee overnight since the NOC of this land was non-existent to be issued by the CDA.
- 4.8 Chairman PCATP replied that Committee formulated on this issue was rigorously following up this matter and soon shall be able to conclude the issue. Afterwards, he asked for the approval of audited report from the participants.

Resolution No. 2

On a motion proposed by Ar./Plnr. Jahangir Sherpao and seconded by Ar. Fawad Suhail Abbasi, the House approved the PCATP Audited Accounts of 2021-2022.

AGENDA ITEM NO. 5 PCATP ANNUAL BUDGET FOR FINANCIAL YEAR 2022-2023

- 5.1 Manager Finance, PCATP subsequently presented the PCATP Proposed Annual Budget for 2022-2023. She briefly explained the budget head items with reasoning of projected values.
- 5.2 Ar. Sikandar Ajam asked about the percentage increase in Accreditation Fee difference between the income and expense on this head. Manager Finance replied that Rs. 9.9 Million surplus has been recorded in this head however, this head was also utilized for training workshops of faculty / inspectors and other

relevant expenses incurred by Council. Registrar PCATP added that 60% of this head belongs to the PCATP income and 40% are utilized for expenses. He urged that from income portion PCATP should facilitate institutes in faculty training and other resource building exercises. Chairman PCATP replied that Council has already scheduled faculty training workshop for the institutes in collaboration with IAP and its details shall soon be shared with the institutes. Whereas, training of inspectors has already been conducted by the Council in Karachi, Lahore and Islamabad respectively.

- 5.3 Plnr. Ghulam Sarwar Sandhu pointed out that increase in registration and renewal fee of professionals specifically for Town Planners was already in lower share, hence, it was proposed earlier as well to slice it down to further installment payments to facilitate them and increase number of registered members. Therefore, increase in registration and renewal fee should be revoked and also non-paying members should be offered incentive to renew their membership.
- 5.4 Chairman PCATP replied that a unanimous approval was accorded to increase the fee in the 121st ECM, since it's been eight years that Council had increased the registration fee. However, his suggestions shall again be considered in the next ECM.
- 5.6 Plnr. Saleem Baloch suggested that PCATP should devise a mechanism where members of either profession who do not renew their registration on yearly basis should automatically be barred from retaining any public office position since their appointment had been made on the basis of PCATP license. Chairman PCATP replied that Council had written numerous letters to the Public Offices of all the provinces that members with valid registration status of PCATP should be ensured for the architects and planners working in their departments and also for the new employment opportunities. Similarly, all educational institutes have also been asked to ensure that only valid registered members of the Council should be appointed/ retained as faculty.
- 5.7 Plnr. Imran Shakir added to the conversation that PCATP received overwhelming response from the Punjab province on the letters written to Local Government. Since this activity is a continuous activity, as soon the member registration gets void, his initial appointment becomes void as well. Local Government Punjab has also formulated a Data Collection Cell where information of all in service members has been collected and were now enforced to retain valid membership status of Council. Further, he proposed to Chairman PCATP that a fine should also be imposed on professionals in Public Sector who do not retain valid registration status of the Council.

Resolution No. 3

On a motion proposed by Plnr. Haroon Siddiqui and seconded by Ar. Kifayat Hussain, the House approved the PCATP Proposed Annual Budget 2022-2023.

AGENDA ITEM NO. 6 APPOINTMENT OF AUDITORS

- 6.1 Manager Finance, PCATP explained the members that any financial matter pertaining to the Council are handled by the auditors hence appointment of auditors for every financial year is proposed in the AGM. The Council need to perform audit of its financial statements by Nov 2022 therefore appointment of auditors is requested for approval. She showed the quotation obtained by the Council from Chartered Accountant Firms.

Resolution No. 4

On a motion proposed by Ar. Kamran Khan and seconded by Ar. Muhammad Mohsin Iqbal, the House approved the appointment of M/s Moore Shekha Mufti Chartered Accountants as auditors for the annual audit of year 2021-2022.

AGENDA ITEM NO. 7 ANYOTHER BUSINESS PLACED BEFORE EXECUTIVE COMMITTEE

- 7.1 Chairman PCATP opened the floor for the participation for their input on agenda items and asked Ar. Muhammad Iqbal, Vice Chairman Architecture for his input.
- 7.2 VC Architecture said that the issue of KPPRA has been long standing and after a rigorous follow up with the concerned authorities Local Council Board (LCB) and KPPRA issued notifications on the compliance to PCATP guidelines and implementation of its ordinance. He further added that in addition to LCB other departments of the provincial authorities have also been approached to implement the agreed upon decisions taken in consultative workshop briefed by Registrar PCATP. Additionally, issuance of Technical Allowance to Architects has also been worked out with the Authorities and it has been agreed to change its name to Design Allowance due to technical issue. Whereas, PHA has implemented the decision of issuance of Design Allowance and other departments are in process. Lastly, he requested the professionals and academia to submit their list of seminars/ workshops / trainings held or scheduled to acquire the CPD points from PCATP. He further added that PCATP Mobile Application is under development and shall be launched by 15th July 2022. Currently, CPD section of the application will be operational and later all contents of PCATP website will be available on the application. Therefore, organizers should list their programs with the Council as per the procedure defined in the CPD document to get benefited from CPD point's allocation.
- 7.3 Ar. Sohail Anwer Saeed appreciated the Tier System devised by Prof. Dr. Samra M. Khan and defined it as a way forward to educational system. He added that this document was a conclusive version of wholesome parameters (qualitative & quantitative) where rankings were allocated to the institutes based upon their level of expertise and resources (human and capital). This shall act as a catalyst for the institutes to continuously strive for the improvement. He also recommended that a long awaited decision for over 30 years on separate Council for Town

Planners should be addressed since their parameters of gauging educational institutes and performing accreditation, devising manuals are different in contrast to Architects. He also recommended that representation of Architects in Executive Committee should be in proportion to their representation in the Council. He suggested that representation of practice in the Council for decision making should be enhanced in comparison to academia since the professionals play a vital role in the market. Lastly, he emphasized that some mechanism should be developed to accept CDP earned from foreign institutions, forums via trainings and workshops.

7.4 Chairman PCATP replied that Tier System was discussed by the Architect members in the Executive Committee, whereas, Town Planner members have submitted their reservations which shall be taken up in the upcoming Executive Committee Meeting. He asked the members to submit their suggestions / recommendations on the proposed Tier System to Registrar PCATP under intimation to Chairman PCATP for consideration of the EC. Secondly, on the issue of separating Town Planners from Council, he informed that AGM does not vest the power and it can be decided in EGM through a single point agenda under PCATP byelaws.

7.5 Plnr. Ghulam Sarwar Sandhu submitted the motion for a separate Council of Town Planners to call an EGM on the said matter. Chairman PCATP called voting (by show-off hands) on a motion for a separate Council for Town Planners and the results are as follows:

Through a majority vote at the time of voting, 29 Members out of (48) on Zoom and 32 Members out of (47) in person voted in favor of the motion.

Resolution No. 5

On a motion proposed by Plnr. Ghulam Sarwar Sandhu and seconded by Plnr. Imtiaz Ahmed Vohra, Plnr. Mubasher Hussain, Plnr. Usman Bajwa, Plnr. Khabab Arif, Plnr. Saleem Baloch and majority of the members in AGM, the House approved the motion of separate Council for Town Planners.

7.6 Plnr. Imran Shakir, Member Executive Committee submitted his vote of dissent on the procedure of voting and should not have taken on disorganized basis. He recommended that formal procedure should have been followed on this matter and deliberations should have taken place on this issue prior to approving any such motion by the AGM.

7.7 Ar. Syed Kamran asked about the role of PCATP in penalizing institutes who failed to produce quality graduates since ratio of fail students in PCATP Registration Examination is significantly high. Secondly, he asked about the procedure of composition of committees where PCATP members are representatives.

7.8 Chairman PCATP replied that the students are from non-accredited batches hence PCATP cannot penalize such institutes apart from procedures laid down in

Accreditation Manual. Further, Chairman PCATP is included by designation in any committees formulated by public departments and in case of nominations requested; Executive Committee recommend the name of professionals suitable to the committee being formulated.

- 7.9 Ar. Syed Kamran appreciated the efforts of Executive Committee in Khyber Pakhtunkhwa; however he submitted that Peshawar Housing Authority still ask for enlistment of PCATP registered architect with PHA.
- 7.10 Ar. Mansoor Ahmad, Member Executive Committee replied that as of now no such enlistment condition for PCATP registered architects was enforced in PHA and in case of non-compliance he should submit his complaint to PCATP and the matter shall be resolved on priority basis.
- 7.11 Ar. Dr. Anita Kapadia submitted her concern that since the start of meeting, there has been a continuous disruption and meeting decorum has not be followed. Being a regulatory body Council should take stringent measures to effectively cope up this issue in upcoming meetings.
- 7.12 Dr. Waqas Mahar submitted his concern on the Architectural Accreditation Tier System and pointed out that in his view Ar. Sohail Anwer was not a qualified to judge the faculty and the Tier System. He addressed to Chairman PCATP that Council was not working with enough qualified people to devise such a system for architectural educational institutions. He objected on Scrutiny Committee formulated by the Council and said they (Prof. Dr. Samra M. Khan and Prof. Dr. Saima Gulzar) do not possess the requisite expertise to devise such a system. He objected on Prof. Dr. Samra M. Khan who devised the Tier System, as in his view she was not qualified enough to devise such system. He further pointed that they (Scrutiny Committee Members) do not possess any significant impact factor publication and a profile of international repute to be considered. Chairman PCATP replied that both of them are serving Professors in the educational institutes and also members of the Executive Committee, hence, any personal comments targeting their qualification must be avoided. He further commented that those who devised the Tier System should have considered the number of PhD holders in Architecture as per current market scenario as it would be hard to find more than 2-3 PhD in Architecture in each province and it showed that this system was specifically designed to bliss certain institutes and people associated with it. He lastly objected on the appointment of HoD and Dean as per Tier System, since it is prerogative of the Institute under its ACT and cannot be challenged. Chairman PCATP replied that it's the mandate of Executive Committee under the PCATP Ordinance/byelaws to appoint any member for a specific task or to form any Committee. He and informed him that decision of the EC, being the elected body, cannot be challenged, if within the byelaws. He further asked Dr. Waqas Mehar to submit his suggestions and reservations on any agenda item to the Council which shall be discussed and replied accordingly.
- 7.13 Dr. Sana Malik seconded the concerns shown by Dr. Waqas Mehar and suggested that Tier System should have been discussed with the architectural institutions

(city wise) prior to its approval and implementation. She remonstrated that a process should have been followed in devising this system and stakeholders of this system should have been included in this process. She objected on the confinement of degree to architecture specifically since multi-disciplinary approach is being adopted worldwide whereas this system is contrary to world practice. Chairman PCATP responded that the Tier System shall not be implemented without taking input of all the institutions. He further said that her points were noted and she can send her suggestions on the Tier system to Registrar PCATP for discussion in the upcoming ECM.

- 7.14 Ar. Amir Nazir Chaudhry objected on the way Planners disrupted the proceedings and hijacking the AGM despite several warnings by the Chairman. He commented that PCATP Code of Professional Conduct was incapacitated and ineffective. He urged that a committee must be formulated to revise the Council bye-laws pertaining to professional conduct to be based on more stringent measures to counter the issues of malpractice by nonprofessional in the market which is severely hurting the profession and professionals. Further to that, he pointed out that another galling issue being faced by the professionals in the market was "Under Quotation" and therefore minimum fee must be defined by the Council to address this issue. Similarly, a minimum fee for various services must also be listed by the Council to counter this issue. Chairman PCATP replied that his points were well noted and shall be discussed in the upcoming ECM to formulate a min fee scale for arch and planning projects.
- 7.15 Chairman PCATP requested all the members to write to the Council on any issue they deem appropriate within the purview of and the Council has also created a Complaint Box on its Website which was being supervised by himself as Chairman.
- 7.16 Plnr. Ghulam Sarwar Sandhu who was given the floor by the Chairman raised his concern that letters written to Local Government entails that Building Control does not come under Town Planning, whereas, being an ex-DG of Building Control he assured that several departments work under Building Control and specifying a single profession to public offices is not justified. Hence, a letter on same lines must also be written for other allied disciplines as well. Secondly, he objected on the issuance of registration to Architects and Engineers who possess Master in CRP. Chairman PCATP replied that the issue has been thoroughly discussed in the ECM and it has been decided that a letter on same lines to safeguard the interest of Town Planners shall also be written by the Council.
- 7.17 Plnr. Imran Shakir replied to the concern of registration as a Town Planner on the basis of Masters in City and Regional Planning that bye-law has been amended in AGM 2020 and a notification for official gazette has been submitted where registration as Town Planner shall only be issued on the basis of first professional degree only i.e. BS CRP.

1. **Ar. Adil Nazir (A01444):** The issue of growing numbers of Foreign Consultants now being engaged for Public Sector Projects is an alarming situation and should be taken up for discussion at the PCATP forum. It is suggested consultants belonging to countries where Pakistan educated architects are not accredited, should not be allowed to work in Pakistan. PCATP should constitute an advisory committee to monitor the major public sector projects and provide guidance wherever required. Similarly, the huge number of Area Development Schemes should be brought under scrutiny especially where Agricultural Land is being wasted by converting into plots and pavements. In a country like Pakistan facing a huge food shortage, PCATP should initiate public awareness through media.
2. **Ar. Asia Jabeen (A02005):** To be an Associate Professor and Professor, terminal PhD in Architecture should be mandatory. Other than PhD in Architecture must be discouraged to promote profession. If there is no need in specialization in Architecture, will all be welcomed to lead the profession? If anybody opt to go other than architecture for PhD, then they must practice their expertise in their opted department as they haven't higher education in Architecture. If such degrees are awarded by Architecture Departments, they are welcomed.
3. **Ar. Azhar Mamoon Sualehi (A00112):** Why all CPD activities were held by educational institutes only? Vice Chairman (Town Planning) had promised in his Manifesto to form ad separate Council for Town Planners. Kindly apprise the house the status regarding this point. The tier system is totally out of step with the ground realities. Hence, the document (Tier System) should be shared with the academic institutes for their input/suggestions.
4. **Plnr. Dr. Obaidullah Nadeem (P00344):** objected on the proposed Tier System, since this is not only related with Architecture but related to faculty of architecture and planning in universities. For HoD, only relevant bachelor's degree and membership of PCATP as Architect for dept. of Archi and TP for dept. of planning. No need of considering masters or PhD. These can be in any specialized area of related profession. He proposed some working is required on how to separate the council before any motion.
5. **Dr. Waqas A. Mahar (A03012):** Points of Dr. Waqas A. Mehar are included in the minutes since he posted his comments in the chat box prior to his turn.
6. **Ar. Faiqa Khilat (A02392):** seconded the comments of Dr. Waqas A. Mehar on Tier System.
7. **Ar. Fazal Subhan (A07261):** seconded the comments of Ar. Sohail Anwer and recommended that practicing architects should be in majority representing Council in contrast to academia. He also proposed that a separate Council for Environmental Design.
8. **Ar. Mishaal Merchant (A02040):** seconded the comments of Ar. Amir Nazir Chaudhary.

9. **Ar. M. Ramzan Ansari (A05703):** seconded the comments of Ar. Amir Nazir Chaudhary.
10. **Ar. Naseer Hijazi (A01853):** seconded the comments of Ar. Sohail Anwer Saeed and Ar. Amir Nazir Chaudhary.
11. **Ar. Qursoom Fatima (A07968):** Renewal fees for architects and town planners must not be increased.
12. **Plnr. Rizwan Hameed (P00282):** endorsed the point of views of Dr. Obaid and Dr. Sana Malik about Tier System since it's a proposal having implications both for Town Planning as well Architecture profession. But what if Town Planners also include the proposal that the Dean should be a Town Planner whereas realistically a Dean typically heads up the faculty within a university comprising a group of related subject areas. Universities typically get a Dean appointed from amongst three senior most faculty members be an Architect or Planner. As you said "Allied discipline" so why Dean only an Architect? Thus self-defeating the proposal to assign 2 marks for Dean from Architecture. The first realistic and tangible proposal is to remove 2 mark criteria for Dean only from Architecture and allow space for a faculty member either Architect or Town Planner to be appointed as Dean on merit. We already have a system to accredit Town Planning Schools through PCATP. Its unrealistic proposal to assign 2 marks for Dean from Architecture only which is practically not possible to implement nor such practice exist elsewhere in the world. He asked the rationale for assigning 2 marks for Dean from Architecture only? He informed that there are 6 PhD faculty members in the Department of Architecture at UET Lahore.
13. **Ar. Saeed Ahmed (A02531):** A few institutes' faculty members have zero professional experience. There should be a system of training & workshop for faculty members as well in addition to graduate architects. PhD is not only criteria of specialization. Professional experience like interior design sustainable green building design etc. should be considered as well while faculty members are added to institutes there would be very few LEED certified faculty members. If so, who will teach students about these concepts especially green building concepts? Lastly, he seconded the comments of Ar. Sohail Saeed and Ar. Amir Nazir Chaudhary.
14. **Prof. Dr. Samra M. Khan (A01044):** Town Planners will have to draw up their own guidelines for their Tier System. The Tier System for Architectural Schools does not have any bearings on Town Planning schools. Both have separate accreditation guides. Dean of a School will obviously be from architecture or the allied disciplines, as per seniority. However, must be a Professor. She invited the all members to submit their comments via e-mail to Registrar PCATP to reach on consensus for points of conflict. She replied to Dr. Waqas Mehar that HEC also lists a PHD for Professor and Associate Professors in Architecture. She further replied to Dr. Sana Malik that these guidelines (Tier System) are in line with PCATP accreditation manual and HEC guidelines.

Subject: DECISION OF BOARD OF ACCREDITATION FOR INTERIM VISIT CONDUCTED FOR BACHELOR OF ARCHITECTURE PROGRAM AT INSTITUTE FOR ART AND CULTURE (IAC), LAHORE.

PCATP Board of Accreditation – Architecture (BoA) Meeting was held on Wednesday, 05 October 2022 at PCATP Head Office, Islamabad. The Board has reviewed the Compliance Report submitted by the University against PCATP Inspectors Report and the decision taken by the Board is appended as follows:

1. Accreditation Board recommended that compliance with the PCATP guidelines must be fulfilled.
2. Council should clearly inform the university that compliance with the university charter must be fulfilled in its true letter and spirit. Teaching is a fulltime job and faculty must not get involved in any other activity during university hours. Institute needs to provide its Charter to the Council, along with a formal letter of change of Management at the University.
3. As the university management has changed and Council had been informed that university has changed the whole curriculum for the program if there is any change in university's charter then university has to share new charter with Council and get new NOC according to that charter. Under the new management, a change in curriculum has been observed, from year 2022. The process of Accreditation would re-start from acquiring NOC for all batches inducted under the new management.
4. IAC has adopted a new charter therefore they need to inform the Council in writing very clearly how they will accommodate the students who have already reached halfway of their studies based on the old charter and new students according to new charter as this is a mixture of the two charters.
5. BoA recommended that decision on violation of PCATP laws by university regarding students' intake per batch has been referred to EC for further decision.
6. It is recommendation of BoA that a succession plan (next in line Leadership tiers) be prepared and submitted to the Council of two charters.

For your information and necessary action, please.

Sincerely,

Ar. Muhammad Arif Changezi

Subject: WARNING AND ENFORCEMENT LETTER

This letter is with reference to the complaint filed against you to PCATP by Ar. Mishaal R. Merchant.

All the documents and information related to the project under contention, provided by the complainant and your subsequent response were reviewed and discussed in the Inquiry Committee Meeting held on 31st May, 2022 via zoom constituted by the Executive Committee- PCATP.

Findings of the Inquiry Committee were endorsed by the Executive Committee and is being shared below for your information and necessary action please;

The Inquiry Committee by majority decision has found you culpable of breaching the PCATP Professional Code of Conduct Clause- 3.3 and 3.4, as you never sought any formal Permission/NOC from the complainant who was the original architect of the said project before getting yourself involved in the project as the Architect.

Your act of supplanting the project of Ar. Mishaal R. Merchant and posting the under investigation project on social media without any reference to the original architect calls for issuance of this Warning Letter and you are therefore, directed to immediately dissociate yourself from the under discussion project and refrain from posting anything related to the project on Public Forums/Social Media.

Further, this Warning Letter will be shared with the PCATP members in the next AGM 2023 as a lesson to discourage this rapidly growing trend of supplanting among the architectural fraternity.

Also, please note that the case shall proceed further under the PCATP Code of Professional Conduct, if you do not comply with the above mentioned decision of the EC based on the recommendations of the Inquiry Committee.

Sincerely,

Elections for new executive committee of PCATP under the Ministry of Housing was conducted in March 2023 from 4 march till 7 march. At the time of display of result it came to my knowledge that the online voting system was hacked and the votes were manipulated though a cyber attack upon which the IT consultant hired for online voting system denied to verify the results. The election committee comprising five member, the convener of election committee wrote his remarks that the IT consultant report must be published with the results (not verified by IT consultant), the remaining 2 members of election committee wrote a note of dissent to the results due to cyber attack. In violation of the instructions of Convener Election committee, registrar PCATP under the direction of sitting chairman who was also a candidate for the second team in the current elections uploaded the results with the IT consultant report. Please investigate the conduct of registrar PCATP who is also over age.

Sub: COMPLAINT REGARDING CYBER CRIME/HACKING OF ELECTRONIC VOTING SYSTEM OF PCATP BY THE INCUMBENT CHAIRMAN Ar. Muhammad Arif Changezi

Respected Sir,

Reference the captioned subject.

*Dy No. 661/2023-Wo/14
09/05/2023*

1. The background of the issue is that the undersigned are candidates for the elections of Pakistan Council of Architects and Town Planners (PCATP), a regulatory body set under the PCATP Ordinance, 1983. Our opponent included the incumbent Chairman, Architect Muhammad Arif Changezi. Unfortunately, the recently held elections of PCATP have been stolen because of hacking of the online voting system.

2. The most damning evidence about the hacking of the online voting system comes from an official email report which was sent by Oathsystems (Pvt.) Ltd., an IT company entrusted with carrying out online elections, to Registrar, PCATP. In this panicked email sent at 2:04pm on March 7, 2023, the IT company plainly admitted that some party orchestrated a hacking attack on the online voting system, and succeeded in manipulating the results. The IT company's email titled "Regarding PCATP Election Result 2023" states:
"we witnessed an attack on our voting system at around 02:00am on 7th March 2023. As a result of this attack, our voting result was manipulated..... During our rectification process, the voting system was unavailable to the members for around 3 hrs. ... we cannot certify the result" (Copy attached herewith)

3. After receiving this email, 02 members of PCATP Election Committee expressly wrote down notes rejecting the election results. A third member, Ar. Muhammad Yousuf Awan, who was also the Committee's Convenor, specifically wrote that "report of Consultant IT he attached and shared with contestants and uploaded on the PCATP website". Only 02 out of 05 members of the Election Committee approved the results. These observations were communicated to Mr. Changezi.

4. As incumbent Chairman, Mr. Changezi should have reported the hacking incident/cybercrime right away to FIA and waited for the results of their investigation. Instead, he concealed the crime and hastily proceeded to benefit from the situation by announcing the results, overruling the comments/observations Election Committee. He declared himself and some of his panel members as winners of the election. Furthermore, relying upon a 2/5 minority opinion of the Election Committee, Mr. Changezi ordered issuance of a notification No. PCATP/EC-2023-2025/03/08-01/2023 dated 08-03-2023 declaring himself and his panel as newly elected PCATP Executive Committee 2023-2025.

5. It is evidently clear that the beneficiaries of this act are Ar. Muhammad Arif Changezi and his team. In view of the above narrated facts, we filed a complaint on 09-03-2023 at FIA-Cyber Crime Reporting Center, Islamabad. In response to a notice from the Honorable Islamabad High Court FIA- Cyber Crime Reporting Center, Islamabad, submitted their report which states:

"During enquiry IP addresses 203.96.169.80 and 39.57.127.149 sent to concerned quarters for their subscriber details. Reply regarding IP 39.57.127.149 received from PTCL and it was found that IP 39.57.127.149 registered on the name of

Subject: RE: PCATP Election result 2023

Dear Madam / EC,

As I have verbally informed the election commission PCATP that we witnessed an attack on our voting system at around 02:00 AM on 7th march 2023. As a result of this attack, our voting result was manipulated but we managed to revert it to its original integral condition. During our rectification process, the voting system was unavailable to the members for around 3hrs. Despite the fact that we carefully corrected every piece of data and there is no duplication or misfed, as this has been done manually which adds the chance of human error therefore we cannot certify the result.

PAKISTAN COUNCIL OF
ARCHITECTS AND TOWN PLANNERS
(Ordinance IX of 1983)

NO.PCATP/MOHW/06-12-01/2023

Dated: June 12, 2023

Mr. Afsar Khan Wazir
Section Officer (Works)
Ministry of Housing and Works
Government of Pakistan
Islamabad

Subject: COMPLAINT REGARDING CYBER CRIME/HACKING OF ELETRONIC VOTING SYSTEM OF PCATP BY THE INCUMBENT CHAIRMAN AR. MUHAMMAD ARIF CHANGEZI.

Dear Sir,

Please refer to your letter No.F.7(5)/2015-Works dated 22 May 2023, received at the PCATP office on 30 May 2023, along with a copy of the complaint filed by Ar./Plnr S.M. Jahangir Khan Sherpao and Ar./Plnr. Azhar M. Sualehi on the above cited subject.

Please note that the matter is sub-judice before the Islamabad High Court (IHC) in Writ Petition No. 890/2023 titled "Architect S. M. Jahangir Khan Sherpao & others v. Pakistan Council of Architects & Town Planners & others", which has been filed by the aforementioned claimants.

Further, the matter is also under inquiry by the Federal Investigation Agency (FIA) in Enquiry No.245/2023, which was also initiated upon a complaint of the said complainants.

Accordingly, given that the matter is sub-judice and is being inquired into at the relevant forum, propriety demands that the Ministry should not intervene or take any action in order to not prejudice the ongoing proceedings before the IHC and the FIA.

We trust that the above satisfies your query.

Yours faithfully,

Tahira S. Fazli

Ar./Plnr. T. Sadia Fazli
Registrar PCATP.

No. PCATP/MHW/17-04-01/2023

Date: April 17, 2023

Mr. Muhammad Khalil Chaudhry
Section Officer (Works)
Ministry of Housing And Works
Government of Pakistan
Islamabad

Subject: FORMATION OF COMMISSION OF INQUIRY UNDER SECTION 32 OF
PCATP ORDINANCE, 1983

Dear Mr. Chaudhry,

This has reference to your letter No.F.7(5)/2015-Works Islamabad dated 27 March 2023 received in PCATP office on 4 April, 2023 along with an application dated 13 March 2023 received from Mr. Mazhar Munir, Member Executive Committee 2021-2023, on the above cited subject.

As advised, a response thereto is submitted as follows:

1. The contents of the application are denied being incorrect and misleading. No violation of PCATP Ordinance, Byelaws or abuse of power as alleged has been committed at all by the Registrar or the Chairman PCATP.
2. In reply to para-2 of the Application, it is clarified that while accepting or rejecting the nomination papers on the basis of mismatched signature, the Election Committee exercised and performed its function of Scrutiny in accordance with Byelaw 37. Similarly, the Chairman exercised his function under Byelaw 45 and decided to accept the nominations which were rejected by the Election Committee on account of mismatched signature being a minor discrepancy. There is nothing wrong and unusual. There are precedents in the past when these functions had been exercised in the same manner.
3. Contents of para-3 of the Application are misleading. Clause 27 of the PCATP Ordinance relates to "Proof of membership etc." which states that for the purpose of any action or proceeding under the Ordinance a certificate of the Registrar certifying under the seal of the Council that, on a specified date, the name of a person was or was not borne on the Register, shall be proof of its contents and the authenticity of his signature, until the contrary is proved. While Byelaw 79 provides for maintaining Index Card showing particulars, specimen signature and photograph of each member. These two provisions are not relevant or framed in the context of Nomination Papers filed for contesting PCATP elections. Therefore, the question of violation of these clauses does not arise. Further, Ms. Asia Jabeen's complaint was rejected on technical grounds as her plea was based on flimsy ground to reject the nomination papers of the Chairman on account of mismatched signature which was already accepted by the Election Committee.

4. As regards hiring of services of I.T. Company (M/s Oath Systems), it is clarified that the said I.T. Company was approved for conducting last election 2021-2023. The Applicant Mr. Mazhar Munir was himself present in the Executive Committee meeting in which election schedule was approved with the endorsement that the said I.T. Company will continue conducting Election 2023-2025. Mr. Mazhar Munir did not raise any objection at that time. Minor discrepancies in the voters' credentials, mostly related to typos were removed with the approval of the Election Committee. It is also incorrect that Voting Machine was not formatted/reinstalled. The same rules/procedures as adopted in previous elections of 2019 and 2021 were followed in this election of 2023-2025.
5. Regarding Para-5, it clarified that the Election Committee after examining the case approved to send the referred email to the voter.
6. The election result as per schedule was to be announced at 2 pm on March 07, 2023, for which all the candidates were informed to be available on Zoom (Shared the link a day earlier). The Chairman on the above date and time, in presence of all the candidates, asked the Election Committee to send him the result as candidates were agitating the delay. The result was forwarded to the Chairman at 2:16 pm which was read out by him on Zoom as he was sitting in Karachi and all the Election Committee in Islamabad and candidates had joined from their respective cities. The result when announced by the Chairman was signed by all 05 election Committee members with 02 dissenting notes. The Chairman announced it as the majority had endorsed it and handwritten 'elected' was mentioned by the convener against each candidate. The report of IT was received around 4 pm by which the election was already announced. It is incorrect to say that Chairman knew the result before 2:16 pm. All records/statements of the Election Committee and Registrar can be checked and verified in this regard. The Chairman, throughout the election remained neutral being a candidate himself never approached the Election Committee members during the entire election process.
7. The core issue raised in para-7 is subjudice before the Honorable Islamabad High Court in Writ Petition No.890/2023, therefore, it would not be appropriate to comment on it at this stage.

In view of the forgoing submissions and besides the matter is subjudice before the Honorable Islamabad High Court in Writ Petition No.890/2023, the subject application is not tenable and liable to be rejected.

Regards,

M. Arif Changezi
Chairman PCATP

Subject: RE: PCATP Election result 2023

Dear Madam / EC,

As I have verbally informed the election commission PCATP that we witnessed an attack on our voting system at around 02:00 AM on 7th march 2023. As a result of this attack, our voting result was manipulated but we managed to revert it to its original integral condition. During our rectification process, the voting system was unavailable to the members for around 3hrs. Despite the fact that we carefully corrected every piece of data and there is no duplication or misfed, as this has been done manually which adds the chance of human error therefore we cannot certify the result.

Regards

Azm Hermain

- a) As stated in note 4 of these financial statements, Pakistan Council of Architects and Town Planners owns a land reflected at PKR 21,951,761 in the statement of financial position as at June 30, 2022. The Council retained an amount of PKR 20,200,000, received as advance, against a deal for sale of the above land which could not materialize. We were unable to obtain sufficient and appropriate audit evidence about the carrying amount of land and advance for sale of land as at June 30, 2022. We were also not able to ascertain existence of litigation, if any, in relation to land and the amount forfeited and their current status. Consequently, we were unable to determine whether any adjustment to these amounts were necessary.
- b) In prior financial years the Council had obtained approval under Rule 212 of Income Tax Rules, 2002 i.e. to be eligible as Non-Profit Organization and had claimed tax credit under Section 100C of Income Tax Ordinance, 2001. However, under Rule 217 of Income Tax Rules, 2002, the approval is required to be renewed after every three years. The Council has not been able to obtain a renewed approval which expired in the tax year 2019. However, the tax returns relevant to the financial years 2020 and 2021 have been filed based on the presumption of being exempt as a Non-Profit Organization. The taxation expense for the current year has also been ascertained accordingly.

Due to the absence of the order for exemption, the Council can be subject to tax liabilities in respect of above financial years, under the provisions of Income Tax Ordinance 2001.

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditors Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Council in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Emphasis of matter

We would draw attention to note 4 to these financial statements which indicates the scenario concerning the Rawalpindi Housing Scheme. Our opinion is not qualified in this regard.

Responsibilities of Executive Committee and Those Charged with Governance for the Financial Statements

The Executive Committee is responsible for the preparation and fair presentation of the financial statements in accordance with the approved accounting and reporting standards as applicable in Pakistan, and for such internal control as the Executive Committee determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Executive Committee is responsible for assessing the Council's ability to continue as going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless Executive Committee either intends to liquidate the Council or to cease operation, or has no realistic alternative but to do so.

Those charged with government are responsible for overseen the Council's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable is a high level of assurance, but is not guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risk of material misstatement of the financial statements, whether due to fraud or error, design perform audit procedures responsive to those risk, and obtain audit evidence that is sufficient and appropriate to provide a basis for opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud

may involve collision, forgery, international omissions, misrepresentations or the override of the internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the council's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Executive Committee.
- Conclude on the appropriateness of Executive Committee's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exist related to events or conditions that may cast significant doubt on the council's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the council's to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underline transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Notes to the financial statements

For the year ended June 30, 2022

1. Legal status and principal activities

The Pakistan Council of Architects and Town Planners (PCATP) is a statutory body established under the Pakistan Council of Architects and Town Planners Ordinance, 1983 (Ordinance IX of 1983) to regulate the professions of Architecture and Town Planning in Pakistan. The registered office of the Council is situated at Usman Center, 1st Floor, office no. 7-12, D-12, Markaz, Islamabad - Pakistan. The Council also has an office situated at 4th Floor, 61-C, 21st Commercial Street, Phase-II Extension, D.H.A., Karachi

2. Basis of preparation and significant accounting policies and estimates

2.1 Basis of preparation

The financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of Accounting and Financial Reporting Standards (AFRS's) for Small Sized Entities as issued by the institute of Chartered Accountants of Pakistan.

2.2 Basis of measurement

The financial statements have been prepared on the historical cost basis, except wherever, disclosed in these accounting policies. The principal accounting policies that have been applied consistently by the Council to all periods presented in these financial statements are set out below.

2.3 Significant accounting policies

a) Property and equipment

Property and equipment are stated in the statement of financial position at cost less accumulated depreciation and impairment loss, if any.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Council and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognized. All other repairs and maintenance are charged to the income and expenditure account during the financial period in which they are incurred. Major renewals and improvements are capitalized and the assets so replaced, if any, are written off.

The residual values and useful lives of property and equipment are reviewed, and adjusted if appropriate, at the end of each reporting period.

Depreciation is charged on property and equipment so as to write off the cost over their estimated useful lives, less estimated residual value, using the reducing balance method on the following bases:

Office building	5%	Air conditions	20%
Office equipment	10%-15%	Furniture and fixtures	10%
Computer equipment	30%	Building Improvements	10%

The gain or loss arising on the disposal or retirement of an asset is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the income and expenditure account.

2. Basis of preparation and significant accounting policies and estimates (Continued)

2.3 Significant accounting policies (continued)

b) Investment property

Investment property, which is property held for capital appreciation, including property under construction for such purposes, is measured initially at its cost, including transaction costs.

Subsequent to initial recognition, investment property whose fair value can be measured reliably without undue cost or effort on an ongoing basis after initial recognition are measured at fair value, at each reporting date. The changes in fair value recognised in the statement of income and expenditure. Any other investment property (whose fair value cannot be measured reliably without undue cost or effort) is measured at cost less accumulated depreciation and any impairment loss.

The fair value of investment property is determined at the end of each year using current market prices for comparable real estate, adjusted for any differences in nature, location and condition.

c) Impairment of non-financial assets

At each reporting date, the Council reviews the carrying amounts of its non-financial assets, to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated. In order to determine the extent of the impairment loss, if any. Where it is not possible to estimate the recoverable amount of an individual asset, the Council estimates the recoverable amount of the cash generating unit to which the asset belongs.

If the recoverable amount of an asset (or a cash generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (cash generating unit) is reduced to its recoverable amount. An impairment loss is recognised as an expense immediately, unless the relevant asset is carried at revalued amount, in which case the impairment loss is treated as a revaluation decrease. Where an impairment loss subsequently reverses, the carrying amount of the asset (cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (cash-generating unit) in prior years. A reversal of an impairment loss is recognised as income immediately, unless the relevant asset is carried at revalued amount, in which case the impairment loss is treated as a revaluation increase.

d) Financial instruments – classification, recognition, measurement, derecognition and offsetting

The Council classifies its financial assets in the following categories: at fair value through profit and loss, held to maturity, loans and receivables, and available-for-sale. The classification depends on the purpose for which the financial assets were acquired. Management determines the classification of its financial assets at initial recognition.

Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss are financial assets held for trading. A financial asset is classified in this category if acquired principally for the purpose of selling in the short term. Derivatives are also categorized as held for trading unless they are designated as hedges. Assets in this category are classified as current assets.

Loans and receivables

Loans and receivables are non-derivatives financial assets with fixed or determinable payments that are not quoted in an active market. They are included in the current assets, except for the maturities greater than 12 months after the end of the reporting period. They are classified as non-current assets.

Held to maturity financial assets

Held to maturity financial assets are non-derivative financial assets with fixed or determinable payments and maturity with a positive intention and ability to hold to maturity.

2. Basis of preparation and significant accounting policies and estimates (Continued)

2.3 Significant accounting policies (continued)

d) Financial instruments – classification, recognition, measurement, derecognition and offsetting (continued)

Available for sale financial assets

Available for sale financial assets are non-derivatives that are either designated in this category or not classified in any other categories. These are included in non-current assets unless the investment matures or management intends to dispose of the financial assets within 12 months of the statement of financial position date.

Regular way purchases and sales of financial assets are recognised on the trade date—the date on which the Council commits to purchase or sell the asset. Financial assets are initially recognised at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognised at fair value and transaction costs are expensed in the income and expenditure account.

Financial assets are derecognised when the right to receive cash flows from the investments have expired or have been transferred and the Council has transferred substantially all risks and rewards of ownership. Available for financial assets and financial at fair value through profit or loss are subsequently carried at fair value. Loans and receivables and held to maturity financial assets are carried at amortized cost using the effective interest method.

Financial liabilities

The financial liabilities are initially measured at fair value, net of transaction costs, and are subsequently measured at amortized cost using effective interest rate method, with interest expense recognized on an effective yield basis, within the finance cost, in the statement of income and expenditure.

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in the statement of income and expenditure.

Financial assets and financial liabilities are only offset and the net amount reported in the statement of financial position when there is a legally enforceable right to set off the recognized amounts and the Company intends to settle on a net basis.

e) Impairment of financial assets

An assessment is made at each reporting date to determine whether there is objective evidence that a specific financial asset may be impaired. A financial asset or a group of financial assets is deemed to be impaired if, and only if, there is objective evidence of impairment as a result of one or more events that has occurred after the initial recognition of the asset (an incurred "loss event") and that loss event (or events) has an impact on the estimated future cash flows of the financial assets or the group of financial assets that can be reliably estimated. If such evidence exists, any impairment loss is recognised in the income and expenditure account. For assets carried at amortised cost, impairment is the difference between carrying amount and the present value of estimated future cash flows discounted at the financial assets original effective interest rate.

Reversal of impairment losses recognised in prior years is recorded when there is an indication that the impairment losses recognised for the financial asset no longer exist or have decreased and the decrease can be related objectively to an event occurring after the impairment was recognised. Reversal of impairment losses are recognised in the income and expenditure account to the extent carrying value of the asset does not exceed its amortised cost at the reversal date.

f) Cash and cash equivalents

Cash and cash equivalents consist of cash in hand and bank balances.

2. Basis of preparation and significant accounting policies and estimates (Continued)

2.3 Significant accounting policies (continued)

g) Accrued and other liabilities

Liabilities are recognised for amounts to be paid in the future for goods or services received whether or not billed to the Council.

h) Income recognition

Income is recognized when it is probable that the economic benefits associated with the transaction will flow to the Council and the amount of income and the associated cost incurred or to be incurred can be measured reliably.

Membership fee

Membership fee is recognized on receipt basis.

Profit on investment

Profit on investment is recognized on accrual basis.

i) Taxation

The Council is a statutory body established through its own Act, 1983 by the Government of Pakistan as a Non-Profit Organisation (NPO). The income generated by Council through its principal activities, is subject to 100% tax credit under the Income Tax Ordinance, 2001.

2.4 Significant accounting estimates

The preparation of financial statements requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revisions affect both current and future periods.

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing material adjustment to the carrying amounts of assets and liabilities within the next financial year are:

a) Impairment of property and equipment

A decline in the value property and equipment could have a significant effect on the amounts recognised in the financial statements. Management assesses the impairment of property and equipment whenever events or changes in circumstances indicate that the carrying value may not be recoverable.

Factors that are considered important which could trigger an impairment review include the following:

- significant changes in the technology and regulatory environments.
- evidence from internal reporting which indicates that the economic performance of the asset is, or will be, worse than expected.

b) Useful lives of property and equipment

The Council's management determines the estimated useful lives of property and equipment for calculating depreciation. This estimate is determined after considering the expected usage of the asset or physical wear and tear. Management reviews the residual value and useful lives annually and future depreciation charge would be adjusted where the management believes the useful lives differ from previous estimates.

PCATP launched a housing scheme in the year 1989 for its members. It purchased a land measuring 521 Kanals and 04 Marlas in the suburbs of Mauza Manga, Tehsil Murree, District Rawalpindi at a cost of PKR 21.95 million. A suit was filed by a third party against the title of land which was won by the Council, followed by another suit which the Council is defending. Following these circumstances, the scheme was grounded by the Council. Thereafter, it was decided by the Council to sell the land. Consequently, a sale deed was entered into between PCATP and a prospective buyer on December 06, 2005 at a price amounting to PKR 89.02 million. As per the terms of the agreement, PCATP retained the forfeited advance amount of PKR 20.2 million due to non-compliance of a condition requiring the remaining payment to be made within the time stipulated in the agreement. Subsequently, it was decided by the Council to invest the amount so confiscated, the proceeds of which are being utilized to repay the installments given by the members for allotment in the housing scheme. The amount confiscated has not been recorded as income and appears as a liability. The amount outstanding towards the members appears as a liability on the statement of financial position at PKR 14.756 million (2021: 14.888 million). In view of the circumstances stated above the land is not revalued by the Council.

- 1.3 PInr. Ghulam Sarwar Sandhu stood up soon after the Tilawat and National Anthem asking the Chairman PCATP as to why his email sent to the Chairman, Registrar and the Executive Committee, a couple of months back was not replied by PCATP and insisted to respond to his email first before taking up the agenda items. Chairman PCATP advised him to follow the meeting decorum and his queries shall be taken up in any other agenda item, however, he refused to follow the instructions and kept on insisting for replies to be responded first raised in his email- a copy of which was handed over to the Chairman. PInr. Imtiaz Ahmed Vohra also joined the protest of PInr. Ghulam Sarwar Sandhu and demanded an immediate reply to the queries before the proceeding starts. The proceedings could not be started on time and precious time of the AGM was lost in the disruption caused by PInr. Sarwar Sandhu and his associate.
- 1.4 After repeated arguments, Chairman PCATP read out the PCATP Bylaws 6(d) under which any arguments shall not be admissible if it contains arguments, interference, ironical expressions or defamatory statements. He, therefore, advised PInr. Sandhu to abide by the decorum of the AGM and behave gently.
- 1.5 Chairman PCATP then gave the final ruling that PInr Sandhu;s queries shall be taken up in any other agenda item. Consequently, Chairman PCATP asked the Registrar to start her presentation of the Annual Report as per the agenda.

- 3.2 Upon continuous interruption in the meeting proceedings by PInr. Ghulam Sarwar Sandhu; PInr. Nadir Ali Shah, Member Executive Committee asked the Chairman and Registrar PCATP that his emails should have been responded. Registrar replied that the e-mail of PInr. However, Chairman PCATP, then graciously allowed that his grievances shall be taken up under any other agenda item.

AGENDA ITEM NO. 4 PCATP AUDITED ACCOUNTS FOR FINANCIAL YEAR 2021-2022

- 4.1 Manager Finance, PCATP presented the PCATP audited accounts report for the financial year 2021-2022 and briefly explained the significant item heads projecting a major variance along with the reasoning of variance under financial statements i.e. Balance Sheet Statement & Income / Expenditure Statement. She further explained the Auditors Report and explained the two observations raised by the Auditor i.e.
- (1) **Tax Payment:** Since PCATP previously held NPO status which has now been revoked either PCATP shall pay the Tax Amount or get exemption.
 - (2) **RHS Land:** Needs to be re-evaluated because PCATP has been carrying forward land amount on rolling basis and should be substituted with fair value of land.
- 4.2 Plnr. Ghulam Sarwar Sandhu asked about the updated status of the RHS Land since there was a litigation on the ownership of land and the correct dimensions of the land were also yet to be finalized, whereas, the land was also under appropriation. Further he added that the matter was still pending in CDA on allocation of this land along with the property rights. Chairman PCATP replied that in purview of all issues Council had offered refund to the members which can still be opted. However, in 121st ECM a committee has been formulated to clear the long outstanding matters of this land and soon an update shall be shared with the members in this regard. Plnr. Ghulam Sarwar Sandhu replied that since this matter is pending for a long time, this should be sorted out once for all in this meeting. Chairman PCATP replied that the an EGM may be called out to take a decision on this single point agenda and further asked Registrar PCATP to elaborate the background of this issue.
- 4.3 Registrar PCATP replied that RHS land has been a controversial issue since its purchase and under the chairmanship of Ar. Shahab Ghani in 2006, a poll conducted project that 90-92% owners opt for refund of their payments. Consequently, the Council offered refund to its members along with the surety that upon sale of land their proportionate share shall also be transferred to them. She explained that a certain percentage of owners in RHS belong to non-members as well who do not opt for refund and some people are unapproachable.

Page 4 of 17

- 4.4 Ar. Mazhar Munir added that purchase of this land has been illegal since it was initiated and a sum of Rs.20 Million was paid to purchase this land for PCATP members. Whereas, Council also did not possess complete documents of the scheme. He further added that as per his information, a positive aspect in this scheme was that PCATP was named in the land record. Whereas, the RHS land is marked in SHAMLAT DEH, hence, no exclusive owner of the land was existent. Since, PCATP wanted to sell out its proportion of this land, an earnest money of Rs. 20 Million had been received from a bidder who has still not cleared his outstanding dues and a profit is being accrued on this amount. He proposed an amount of Rs. 2.5 Million to be allocated to the Committee formulated in 121st ECM to retrieve record from the respective Government Departments and pay the fee of concerned personnel. The Registrar observed that 2,5 Million was very high.
- 4.5 Plnr. Imran Shakir added to the conversation that being a member of the Council, he is welcome to submit his suggestions and recommendations to sort out this long pending matter in addition to the progress and development made by the Council so far in this issue.
- 4.6 Ar./Plnr. Jahangir Sherpao added that at the time when this scheme was initiated, non-members of the scheme were majorly opposing the scheme and tried to hinder the initiative. However, he seconded the view that refund on proportionate basis on current fair market value shall be made to the members.
- 4.7 Plnr. Ghulam Sarwar Sandhu replied that being a VC Town Planning of that committee, he opposed the acquisition of land that was made by the then Chairman and the Executive Committee overnight since the NOC of this land was non-existent to be issued by the CDA.
- 4.8 Chairman PCATP replied that Committee formulated on this issue was rigorously following up this matter and soon shall be able to conclude the issue. Afterwards, he asked for the approval of audited report from the participants.

Resolution No. 2

On a motion proposed by Ar./Plnr. Jahangir Sherpao and seconded by Ar. Fawad Suhail Abbasi, the House approved the PCATP Audited Accounts of 2021-2022.

AGENDA ITEM NO. 5 PCATP ANNUAL BUDGET FOR FINANCIAL YEAR 2022-2023

- 5.1 Manager Finance, PCATP subsequently presented the PCATP Proposed Annual Budget for 2022-2023. She briefly explained the budget head items with reasoning of projected values.
- 5.2 Ar. Sikandar Ajam asked about the percentage increase in Accreditation Fee difference between the income and expense on this head. Manager Finance replied that Rs. 9.9 Million surplus has been recorded in this head however, this head was also utilized for training workshops of faculty / inspectors and other

Page 5 of 17

relevant expenses incurred by Council. Registrar PCATP added that 60% of this head belongs to the PCATP income and 40% are utilized for expenses. He urged that from income portion PCATP should facilitate institutes in faculty training and other resource building exercises. Chairman PCATP replied that Council has already scheduled faculty training workshop for the institutes in collaboration with IAP and its details shall soon be shared with the institutes. Whereas, training of inspectors has already been conducted by the Council in Karachi, Lahore and Islamabad respectively.

- 5.3 Plnr. Ghulam Sarwar Sandhu pointed out that increase in registration and renewal fee of professionals specifically for Town Planners was already in lower share, hence, it was proposed earlier as well to slice it down to further installment payments to facilitate them and increase number of registered members. Therefore, increase in registration and renewal fee should be revoked and also non-paying members should be offered incentive to renew their membership.
- 5.4 Chairman PCATP replied that a unanimous approval was accorded to increase the fee in the 121st ECM, since it's been eight years that Council had increased the registration fee. However, his suggestions shall again be considered in the next ECM.
- 5.6 Plnr. Saleem Baloch suggested that PCATP should devise a mechanism where members of either profession who do not renew their registration on yearly basis should automatically be barred from retaining any public office position since their appointment had been made on the basis of PCATP license. Chairman PCATP replied that Council had written numerous letters to the Public Offices of all the provinces that members with valid registration status of PCATP should be ensured for the architects and planners working in their departments and also for the new employment opportunities. Similarly, all educational institutes have also been asked to ensure that only valid registered members of the Council should be appointed/ retained as faculty.
- 5.7 Plnr. Imran Shakir added to the conversation that PCATP received overwhelming response from the Punjab province on the letters written to Local Government. Since this activity is a continuous activity, as soon the member registration gets void, his initial appointment becomes void as well. Local Government Punjab has also formulated a Data Collection Cell where information of all in service members has been collected and were now enforced to retain valid membership status of Council. Further, he proposed to Chairman PCATP that a fine should also be imposed on professionals in Public Sector who do not retain valid registration status of the Council.

Resolution No. 3

On a motion proposed by Plnr. Haroon Siddiqui and seconded by Ar. Kifayat Hussain, the House approved the PCATP Proposed Annual Budget 2022-2023.

AGENDA ITEM NO. 6 APPOINTMENT OF AUDITORS

- 6.1 Manager Finance, PCATP explained the members that any financial matter pertaining to the Council are handled by the auditors hence appointment of auditors for every financial year is proposed in the AGM. The Council need to perform audit of its financial statements by Nov 2022 therefore appointment of auditors is requested for approval. She showed the quotation obtained by the Council from Chartered Accountant Firms.

Resolution No. 4

On a motion proposed by Ar. Kamran Khan and seconded by Ar. Muhammad Mohsin Iqbal, the House approved the appointment of M/s Moore Shekha Mufti Chartered Accountants as auditors for the annual audit of year 2021-2022.

AGENDA ITEM NO. 7 ANYOTHER BUSINESS PLACED BEFORE EXECUTIVE COMMITTEE

- 7.1 Chairman PCATP opened the floor for the participation for their input on agenda items and asked Ar. Muhammad Iqbal, Vice Chairman Architecture for his input.
- 7.2 VC Architecture said that the issue of KPPRA has been long standing and after a rigorous follow up with the concerned authorities Local Council Board (LCB) and KPPRA issued notifications on the compliance to PCATP guidelines and implementation of its ordinance. He further added that in addition to LCB other departments of the provincial authorities have also been approached to implement the agreed upon decisions taken in consultative workshop briefed by Registrar PCATP. Additionally, issuance of Technical Allowance to Architects has also been worked out with the Authorities and it has been agreed to change its name to Design Allowance due to technical issue. Whereas, PHA has implemented the decision of issuance of Design Allowance and other departments are in process. Lastly, he requested the professionals and academia to submit their list of seminars/ workshops / trainings held or scheduled to acquire the CPD points from PCATP. He further added that PCATP Mobile Application is under development and shall be launched by 15th July 2022. Currently, CPD section of the application will be operational and later all contents of PCATP website will be available on the application. Therefore, organizers should list their programs with the Council as per the procedure defined in the CPD document to get benefited from CPD point's allocation.
- 7.3 Ar. Sohail Anwer Saeed appreciated the Tier System devised by Prof. Dr. Samra M. Khan and defined it as a way forward to educational system. He added that this document was a conclusive version of wholesome parameters (qualitative & quantitative) where rankings were allocated to the institutes based upon their level of expertise and resources (human and capital). This shall act as a catalyst for the institutes to continuously strive for the improvement. He also recommended that a long awaited decision for over 30 years on separate Council for Town

Planners should be addressed since their parameters of gauging educational institutes and performing accreditation, devising manuals are different in contrast to Architects. He also recommended that representation of Architects in Executive Committee should be in proportion to their representation in the Council. He suggested that representation of practice in the Council for decision making should be enhanced in comparison to academia since the professionals play a vital role in the market. Lastly, he emphasized that some mechanism should be developed to accept CDP earned from foreign institutions, forums via trainings and workshops.

- 7.4 Chairman PCATP replied that Tier System was discussed by the Architect members in the Executive Committee, whereas, Town Planner members have submitted their reservations which shall be taken up in the upcoming Executive Committee Meeting. He asked the members to submit their suggestions / recommendations on the proposed Tier System to Registrar PCATP under intimation to Chairman PCATP for consideration of the EC. Secondly, on the issue of separating Town Planners from Council, he informed that AGM does not vest the power and it can be decided in EGM through a single point agenda under PCATP byelaws.
- 7.5 Plnr. Ghulam Sarwar Sandhu submitted the motion for a separate Council of Town Planners to call an EGM on the said matter. Chairman PCATP called voting (by show-off hands) on a motion for a separate Council for Town Planners and the results are as follows:

Through a majority vote at the time of voting, 29 Members out of (48) on Zoom and 32 Members out of (47) in person voted in favor of the motion.

Resolution No. 5

On a motion proposed by Plnr. Ghulam Sarwar Sandhu and seconded by Plnr. Imtiaz Ahmed Vohra, Plnr. Mubasher Hussain, Plnr. Usman Bajwa, Plnr. Khabab Arif, Plnr. Saleem Baloch and majority of the members in AGM, the House approved the motion of separate Council for Town Planners.

- 7.6 Plnr. Imran Shakir, Member Executive Committee submitted his vote of dissent on the procedure of voting and should not have taken on disorganized basis. He recommended that formal procedure should have been followed on this matter and deliberations should have taken place on this issue prior to approving any such motion by the AGM.
- 7.7 Ar. Syed Kamran asked about the role of PCATP in penalizing institutes who failed to produce quality graduates since ratio of fail students in PCATP Registration Examination is significantly high. Secondly, he asked about the procedure of composition of committees where PCATP members are representatives.
- 7.8 Chairman PCATP replied that the students are from non-accredited batches hence PCATP cannot penalize such institutes apart from procedures laid down in

Accreditation Manual. Further, Chairman PCATP is included by designation in any committees formulated by public departments and in case of nominations requested; Executive Committee recommend the name of professionals suitable to the committee being formulated.

- 7.9 Ar. Syed Kamran appreciated the efforts of Executive Committee in Khyber Pakhtunkhwa; however he submitted that Peshawar Housing Authority still ask for enlistment of PCATP registered architect with PHA.
- 7.10 Ar. Mansoor Ahmad, Member Executive Committee replied that as of now no such enlistment condition for PCATP registered architects was enforced in PHA and in case of non-compliance he should submit his complaint to PCATP and the matter shall be resolved on priority basis.
- 7.11 Ar. Dr. Anita Kapadia submitted her concern that since the start of meeting, there has been a continuous disruption and meeting decorum has not be followed. Being a regulatory body Council should take stringent measures to effectively cope up this issue in upcoming meetings.
- 7.12 Dr. Waqas Mahar submitted his concern on the Architectural Accreditation Tier System and pointed out that in his view Ar. Sohail Anwer was not a qualified to judge the faculty and the Tier System. He addressed to Chairman PCATP that Council was not working with enough qualified people to devise such a system for architectural educational institutions. He objected on Scrutiny Committee formulated by the Council and said they (Prof. Dr. Samra M. Khan and Prof. Dr. Saima Gulzar) do not possess the requisite expertise to devise such a system. He objected on Prof. Dr. Samra M. Khan who devised the Tier System, as in his view she was not qualified enough to devise such system. He further pointed that they (Scrutiny Committee Members) do not possess any significant impact factor publication and a profile of international repute to be considered. Chairman PCATP replied that both of them are serving Professors in the educational institutes and also members of the Executive Committee, hence, any personal comments targeting their qualification must be avoided. He further commented that those who devised the Tier System should have considered the number of PhD holders in Architecture as per current market scenario as it would be hard to find more than 2-3 PhD in Architecture in each province and it showed that this system was specifically designed to bliss certain institutes and people associated with it. He lastly objected on the appointment of HoD and Dean as per Tier System, since it is prerogative of the Institute under its ACT and cannot be challenged. Chairman PCATP replied that it's the mandate of Executive Committee under the PCATP Ordinance/byelaws to appoint any member for a specific task or to form any Committee. He and informed him that decision of the EC, being the elected body, cannot be challenged, if within the byelaws. He further asked Dr. Waqas Mehar to submit his suggestions and reservations on any agenda item to the Council which shall be discussed and replied accordingly.
- 7.13 Dr. Sana Malik seconded the concerns shown by Dr. Waqas Mehar and suggested that Tier System should have been discussed with the architectural institutions

Page 9 of 17

(city wise) prior to its approval and implementation. She remonstrated that a process should have been followed in devising this system and stakeholders of this system should have been included in this process. She objected on the confinement of degree to architecture specifically since multi-disciplinary approach is being adopted worldwide whereas this system is contrary to world practice. Chairman PCATP responded that the Tier System shall not be implemented without taking input of all the institutions. He further said that her points were noted and she can send her suggestions on the Tier system to Registrar PCATP for discussion in the upcoming ECM.

- 7.14 Ar. Amir Nazir Chaudhry objected on the way Planners disrupted the proceedings and hijacking the AGM despite several warnings by the Chairman. He commented that PCATP Code of Professional Conduct was incapacitated and ineffective. He urged that a committee must be formulated to revise the Council bye-laws pertaining to professional conduct to be based on more stringent measures to counter the issues of malpractice by nonprofessional in the market which is severely hurting the profession and professionals. Further to that, he pointed out that another galling issue being faced by the professionals in the market was "Under Quotation" and therefore minimum fee must be defined by the Council to address this issue. Similarly, a minimum fee for various services must also be listed by the Council to counter this issue. Chairman PCATP replied that his points were well noted and shall be discussed in the upcoming ECM to formulate a min fee scale for arch and planning projects.
- 7.15 Chairman PCATP requested all the members to write to the Council on any issue they deem appropriate within the purview of and the Council has also created a Complaint Box on its Website which was being supervised by himself as Chairman.
- 7.16 PInr. Ghulam Sarwar Sandhu who was given the floor by the Chairman raised his concern that letters written to Local Government entails that Building Control does not come under Town Planning, whereas, being an ex-DG of Building Control he assured that several departments work under Building Control and specifying a single profession to public offices is not justified. Hence, a letter on same lines must also be written for other allied disciplines as well. Secondly, he objected on the issuance of registration to Architects and Engineers who possess Master in CRP. Chairman PCATP replied that the issue has been thoroughly discussed in the ECM and it has been decided that a letter on same lines to safeguard the interest of Town Planners shall also be written by the Council.
- 7.17 PInr. Imran Shakir replied to the concern of registration as a Town Planner on the basis of Masters in City and Regional Planning that bye-law has been amended in AGM 2020 and a notification for official gazette has been submitted where registration as Town Planner shall only be issued on the basis of first professional degree only i.e. BS CRP.

**WRITTEN COMMENTS SUBMITTED BY THE PARTICIPANTS ON
ZOOM**

1. **Ar. Adil Nazir (A01444):** The issue of growing numbers of Foreign Consultants now being engaged for Public Sector Projects is an alarming situation and should be taken up for discussion at the PCATP forum. It is suggested consultants belonging to countries where Pakistan educated architects are not accredited, should not be allowed to work in Pakistan. PCATP should constitute an advisory committee to monitor the major public sector projects and provide guidance wherever required. Similarly, the huge number of Area Development Schemes should be brought under scrutiny especially where Agricultural Land is being wasted by converting into plots and pavements. In a country like Pakistan facing a huge food shortage, PCATP should initiate public awareness through media.
2. **Ar. Asia Jabeen (A02005):** To be an Associate Professor and Professor, terminal PhD in Architecture should be mandatory. Other than PhD in Architecture must be discouraged to promote profession. If there is no need in specialization in Architecture, will all be welcomed to lead the profession? If anybody opt to go other than architecture for PhD, then they must practice their expertise in their opted department as they haven't higher education in Architecture. If such degrees are awarded by Architecture Departments, they are welcomed.
3. **Ar. Azhar Mamoon Sualehi (A00112):** Why all CPD activities were held by educational institutes only? Vice Chairman (Town Planning) had promised in his Manifesto to form ad separate Council for Town Planners. Kindly apprise the house the status regarding this point. The tier system is totally out of step with the ground realities. Hence, the document (Tier System) should be shared with the academic institutes for their input/suggestions.
4. **Plnr. Dr. Obaidullah Nadeem (P00344):** objected on the proposed Tier System, since this is not only related with Architecture but related to faculty of architecture and planning in universities. For HoD, only relevant bachelor's degree and membership of PCATP as Architect for dept. of Archi and TP for dept. of planning. No need of considering masters or PhD. These can be in any specialized area of related profession. He proposed some working is required on how to separate the council before any motion.
5. **Dr. Waqas A. Mahar (A03012):** Points of Dr. Waqas A. Mehar are included in the minutes since he posted his comments in the chat box prior to his turn.
6. **Ar. Faiqa Khilat (A02392):** seconded the comments of Dr. Waqas A. Mehar on Tier System.
7. **Ar. Fazal Subhan (A07261):** seconded the comments of Ar. Sohail Anwer and recommended that practicing architects should be in majority representing Council in contrast to academia. He also proposed that a separate Council for Environmental Design.
8. **Ar. Mishaal Merchant (A02040):** seconded the comments of Ar. Amir Nazir Chaudhary.

9. **Ar. M. Ramzan Ansari (A05703)**: seconded the comments of Ar. Amir Nazir Chaudhary.
10. **Ar. Naseer Hijazi (A01853)**: seconded the comments of Ar. Sohail Anwer Saeed and Ar. Amir Nazir Chaudhary.
11. **Ar. Qursoom Fatima (A07968)**: Renewal fees for architects and town planners must not be increased.
12. **Plnr. Rizwan Hameed (P00282)**: endorsed the point of views of Dr. Obaid and Dr. Sana Malik about Tier System since it's a proposal having implications both for Town Planning as well Architecture profession. But what if Town Planners also include the proposal that the Dean should be a Town Planner whereas realistically a Dean typically heads up the faculty within a university comprising a group of related subject areas. Universities typically get a Dean appointed from amongst three senior most faculty members be an Architect or Planner. As you said "Allied discipline" so why Dean only an Architect? Thus self-defeating the proposal to assign 2 marks for Dean from Architecture. The first realistic and tangible proposal is to remove 2 mark criteria for Dean only from Architecture and allow space for a faculty member either Architect or Town Planner to be appointed as Dean on merit. We already have a system to accredit Town Planning Schools through PCATP. Its unrealistic proposal to assign 2 marks for Dean from Architecture only which is practically not possible to implement nor such practice exist elsewhere in the world. He asked the rationale for assigning 2 marks for Dean from Architecture only? He informed that there are 6 PhD faculty members in the Department of Architecture at UET Lahore.
13. **Ar. Saeed Ahmed (A02531)**: A few institutes' faculty members have zero professional experience. There should be a system of training & workshop for faculty members as well in addition to graduate architects. PhD is not only criteria of specialization. Professional experience like interior design sustainable green building design etc. should be considered as well while faculty members are added to institutes there would be very few LEED certified faculty members. If so, who will teach students about these concepts especially green building concepts? Lastly, he seconded the comments of Ar. Sohail Saeed and Ar. Amir Nazir Chaudhary.
14. **Prof. Dr. Samra M. Khan (A01044)**: Town Planners will have to draw up their own guidelines for their Tier System. The Tier System for Architectural Schools does not have any bearings on Town Planning schools. Both have separate accreditation guides. Dean of a School will obviously be from architecture or the allied disciplines, as per seniority. However, must be a Professor. She invited the all members to submit their comments via e-mail to Registrar PCATP to reach on consensus for points of conflict. She replied to Dr. Waqas Mehar that HEC also lists a PHD for Professor and Associate Professors in Architecture. She further replied to Dr. Sana Malik that these guidelines (Tier System) are in line with PCATP accreditation manual and HEC guidelines.

Subject: **DECISION OF BOARD OF ACCREDITATION FOR VISIT CONDUCTED TO MEHRAN UNIVERSITY OF ENGINEERING AND TECHNOLOGY FOR REVALIDATION OF ACCREDITATION OF BACHELOR OF ARCHITECTURE PROGRAM**

1. PCATP Board of Accreditation – Architecture (BoA) Meeting was held on Saturday, June 11, 2022 at PCATP Head Office, Islamabad. The Board has reviewed the Inspectors Report and the decision taken by Board is appended as follows:

Accreditation Board recommended that considering the serious shortcomings in fulfilling the minimum criteria for a prolonged time, compliance with the PCATP guidelines must be fulfilled within the stipulated time as recommended in Para No. 20 of PCATP Re-Validation to Accreditation Report dated December 29, 2021.

- A. The BoA has recommended Accreditation to 2016 batch only on compassionate basis due to COVID pandemic and delayed PCATP visit for already graduated students only as recommended by the inspectors and shall not be considered as a precedent for accreditation.
- B. The BoA is dismayed to see repetitive deficiencies and highlighted issues reported in the PCATP inspectors report since university has been unable to comply with the PCATP guidelines. Therefore, a Special Visit (comprising of PCATP & HEC personnel) shall be conducted to the university (all related costs to be borne by the university) to meet with the Vice Chancellor on prolonged issues. Decision on re-validation of accreditation and permission for admission intake (2022 and onwards) shall be made after a Special Visit to the university within a period of THREE MONTHS.
- C. University is also advised to update faculty profile (publications, qualifications, awards, memberships etc.) on the website including their resume which shall contain their PCATP registration number as a mandatory requirement.

Subject: DECISION OF BOARD OF ACCREDITATION FOR INTERIM VISIT CONDUCTED FOR BACHELOR OF ARCHITECTURE PROGRAM AT INSTITUTE FOR ART AND CULTURE (IAC), LAHORE.

PCATP Board of Accreditation – Architecture (BoA) Meeting was held on Wednesday, 05 October 2022 at PCATP Head Office, Islamabad. The Board has reviewed the Compliance Report submitted by the University against PCATP Inspectors Report and the decision taken by the Board is appended as follows:

1. Accreditation Board recommended that compliance with the PCATP guidelines must be fulfilled.
2. Council should clearly inform the university that compliance with the university charter must be fulfilled in its true letter and spirit. Teaching is a fulltime job and faculty must not get involved in any other activity during university hours. Institute needs to provide its Charter to the Council, along with a formal letter of change of Management at the University.
3. As the university management has changed and Council had been informed that university has changed the whole curriculum for the program if there is any change in university's charter then university has to share new charter with Council and get new NOC according to that charter. Under the new management, a change in curriculum has been observed, from year 2022. The process of Accreditation would re-start from acquiring NOC for all batches inducted under the new management.
4. IAC has adopted a new charter therefore they need to inform the Council in writing very clearly how they will accommodate the students who have already reached halfway of their studies based on the old charter and new students according to new charter as this is a mixture of the two charters.
5. BoA recommended that decision on violation of PCATP laws by university regarding students' intake per batch has been referred to EC for further decision.
6. It is recommendation of BoA that a succession plan (next in line Leadership tiers) be prepared and submitted to the Council of two charters.

For your information and necessary action, please.

Subject: **WARNING AND ENFORCEMENT LETTER**

This letter is with reference to the complaint filed against you to PCATP by Ar. Mishaal R. Merchant.

All the documents and information related to the project under contention, provided by the complainant and your subsequent response were reviewed and discussed in the Inquiry Committee Meeting held on 31st May, 2022 via zoom constituted by the Executive Committee- PCATP.

Elections for new executive committee of PCATP under the Ministry of Housing was conducted in March 2023 from 4 march till 7 march. At the time of display of result it came to my knowledge that the online voting system was hacked and the votes were manipulated through a cyber attack upon which the IT consultant hired for online voting system denied to verify the results. The election committee comprising five members: the convener of election committee wrote his remarks that the IT consultant report must be published with the results (not verified by IT consultant), the remaining 2 members of election committee wrote a note of dissent to the results due to cyber attack. In violation of the instructions of Convener Election committee, registrar PCATP under the direction of sitting chairman who was also a candidate for the second team in the current elections uploaded the results with the IT consultant report. Please investigate the conduct of registrar PCATP who is also over age.

Sub: COMPLAINT REGARDING CYBER CRIME/HACKING OF ELECTRONIC VOTING SYSTEM OF PCATP BY THE INCUMBENT CHAIRMAN Ar. Muhammad Arif Changezi

Respected Sir,

Reference the captioned subject.

Handwritten notes:
Dy No- 661/2023-Monby
09/05/2023

1. The background of the issue is that the undersigned are candidates for the elections of Pakistan Council of Architects and Town Planners (PCATP), a regulatory body set under the PCATP Ordinance, 1983. Our opponent included the incumbent Chairman, Architect Muhammad Arif Changezi. Unfortunately, the recently held elections of PCATP have been stolen because of hacking of the online voting system.

2. The most damning evidence about the hacking of the online voting system comes from an official email report which was sent by Oathsystems (Pvt.) Ltd., an IT company entrusted with carrying out online elections, to Registrar, PCATP. In this panicked email sent at 2:04pm on March 7, 2023, the IT company plainly admitted that some party orchestrated a hacking attack on the online voting system, and succeeded in manipulating the results. The IT company's email titled "Regarding..... PCATP Election Result 2023" states:
"we witnessed an attack on our voting system at around 02:00am on 7th March 2023. As a result of this attack, our voting result was manipulated..... During our rectification process, the voting system was unavailable to the members for around 3 hrs. ... we cannot certify the result" (Copy attached herewith)

3. After receiving this email, 02 members of PCATP Election Committee expressly wrote down notes rejecting the election results. A third member, Ar. Muhammad Yousuf Awan, who was also the Committee's Convenor, specifically wrote that "report of Consultant IT be attached and shared with contestants and uploaded on the PCATP website". Only 02 out of 05 members of the Election Committee approved the results. These observations were communicated to Mr. Changezi.

4. As incumbent Chairman, Mr. Changezi should have reported the hacking incident/cybercrime right away to FIA and waited for the results of their investigation. Instead, he concealed the crime and hastily proceeded to benefit from the situation by announcing the results, overruling the comments/observations Election Committee. He declared himself and some of his panel members as winners of the election. Furthermore, relying upon a 2/5 minority opinion of the Election Committee, Mr. Changezi ordered issuance of a notification No. PCATP/EC-2023-2025/03/08-01/2023 dated 08-03-2023 declaring himself and his panel as newly elected PCATP Executive Committee 2023-2025.

5. It is evidently clear that the beneficiaries of this act are Ar. Muhammad Arif Changezi and his team. In view of the above narrated facts, we filed a complaint on 09-03-2023 at FIA- Cyber Crime Reporting Center, Islamabad. In response to a notice from the Honorable Islamabad High Court FIA- Cyber Crime Reporting Center, Islamabad, submitted their report which states:

During enquiry IP addresses 203.96.169.80 and 39.57.127.149 sent to concerned quarters for their subscriber details. Reply regarding IP 39.57.127.149 received from PTCL and it was found that IP 39.57.127.149 registered on the name of

Subject: COMPLAINT REGARDING CYBER CRIME/HACKING OF ELETRONIC VOTING SYSTEM OF PCATP BY THE INCUMBENT CHAIRMAN AR. MUHAMMAD ARIF CHANGEZI.

Dear Sir,

Please refer to your letter No.F.7(5)/2015-Works dated 22 May 2023, received at the PCATP office on 30 May 2023, along with a copy of the complaint filed by Ar./Plnr S.M. Jahangir Khan Sherpao and Ar./Plnr. Azhar M. Sualehi on the above cited subject.

Please note that the matter is sub-judice before the Islamabad High Court (IHC) in Writ Petition No. 890/2023 titled "Architect S. M. Jahangir Khan Sherpao & others v. Pakistan Council of Architects & Town Planners & others", which has been filed by the aforementioned claimants.

Further, the matter is also under inquiry by the Federal Investigation Agency (FIA) in Enquiry No.245/2023, which was also initiated upon a complaint of the said complainants.

Accordingly, given that the matter is sub-judice and is being inquired into at the relevant forum, propriety demands that the Ministry should not intervene or take any action in order to not prejudice the ongoing proceedings before the IHC and the FIA.

We trust that the above satisfies your query.

Yours faithfully,

Subject: FORMATION OF COMMISSION OF INQUIRY UNDER SECTION 32 OF
PCATP ORDINANCE, 1983

Dear Mr. Chaudhry,

This has reference to your letter No.F.7(5)/2015-Works Islamabad dated 27 March 2023 received in PCATP office on 4 April, 2023 along with an application dated 13 March 2023 received from Mr. Mazhar Munir, Member Executive Committee 2021-2023, on the above cited subject.

As advised, a response thereto is submitted as follows:

1. The contents of the application are denied being incorrect and misleading. No violation of PCATP Ordinance, Byelaws or abuse of power as alleged has been committed at all by the Registrar or the Chairman PCATP.
2. In reply to para-2 of the Application, it is clarified that while accepting or rejecting the nomination papers on the basis of mismatched signature, the Election Committee exercised and performed its function of Scrutiny in accordance with Byelaw 37. Similarly, the Chairman exercised his function under Byelaw 45 and decided to accept the nominations which were rejected by the Election Committee on account of mismatched signature being a minor discrepancy. There is nothing wrong and unusual. There are precedents in the past when these functions had been exercised in the same manner.
3. Contents of para-3 of the Application are misleading. Clause 27 of the PCATP Ordinance relates to "Proof of membership etc." which states that for the purpose of any action or proceeding under the Ordinance a certificate of the Registrar certifying under the seal of the Council that, on a specified date, the name of a person was or was not borne on the Register, shall be proof of its contents and the authenticity of his signature, until the contrary is proved. While Byelaw 79 provides for maintaining Index Card showing particulars, specimen signature and photograph of each member. These two provisions are not relevant or framed in the context of Nomination Papers filed for contesting PCATP elections. Therefore, the question of violation of these clauses does not arise. Further, Ms. Asia Jabeen's complaint was rejected on technical grounds as her plea was based on flimsy ground to reject the nomination papers of the Chairman on account of mismatched signature which was already accepted by the Election Committee.

Page 1 of 2

064-Annexure BL - Formation of commission of inquiry under section
32_page-0001

4. As regards hiring of services of I.T. Company (M/s Oath Systems), it is clarified that the said I.T. Company was approved for conducting last election 2021-2023. The Applicant Mr. Mazhar Munir was himself present in the Executive Committee meeting in which election schedule was approved with the endorsement that the said I.T. Company will continue conducting Election 2023-2025. Mr. Mazhar Munir did not raise any objection at that time. Minor discrepancies in the voters' credentials, mostly related to typos were removed with the approval of the Election Committee. It is also incorrect that Voting Machine was not formatted/reinstalled. The same rules/procedures as adopted in previous elections of 2019 and 2021 were followed in this election of 2023-2025.
5. Regarding Para-5, it clarified that the Election Committee after examining the case approved to send the referred email to the voter.
6. The election result as per schedule was to be announced at 2 pm on March 07, 2023, for which all the candidates were informed to be available on Zoom (Shared the link a day earlier). The Chairman on the above date and time, in presence of all the candidates, asked the Election Committee to send him the result as candidates were agitating the delay. The result was forwarded to the Chairman at 2:16 pm which was read out by him on Zoom as he was sitting in Karachi and all the Election Committee in Islamabad and candidates had joined from their respective cities. The result when announced by the Chairman was signed by all 05 election Committee members with 02 dissenting notes. The Chairman announced it as the majority had endorsed it and handwritten 'elected' was mentioned by the convener against each candidate. The report of IT was received around 4 pm by which the election was already announced. It is incorrect to say that Chairman knew the result before 2:16 pm. All records/statements of the Election Committee and Registrar can be checked and verified in this regard. The Chairman, throughout the election remained neutral being a candidate himself never approached the Election Committee members during the entire election process.
7. The core issue raised in para-7 is subjudice before the Honorable Islamabad High Court in Writ Petition No.890/2023, therefore, it would not be appropriate to comment on it at this stage.

In view of the forgoing submissions and besides the matter is subjudice before the Honorable Islamabad High Court in Writ Petition No.890/2023, the subject application is not tenable and liable to be rejected.

M. Arif Changezi

Subject: RE: PCATP Election result 2023

Dear Madam / EC,

As I have verbally informed the election commission PCATP that we witnessed an attack on our voting system at around 02:00 AM on 7th march 2023. As a result of this attack, our voting result was manipulated but we managed to revert it to its original integral condition. During our rectification process, the voting system was unavailable to the members for around 3hrs. Despite the fact that we carefully corrected every piece of data and there is no duplication or misfed, as this has been done manually which adds the chance of human error therefore we cannot certify the result.

Regards

Azm Hermain
